Informatics 2016

Facts and Figures – Studying at the Technical University of Munich's Department of Informatics

50 Years Informatics Munich

TUM

FACULTY OF EXCELLENCE

39 Professors

35 Male — **4** Female

6 Gottfried Wilhelm Leibniz Prize Winners

2 IEEE Computer Pioneer Award Winners

2 Alexander von Humboldt Professors

397 Research Assistants

335 Male — **62** Female

Close cooperation with industry

TOP RANKINGS

Germany´s Leading Department of Informatics

In the subject ranking for "computer science" the Shanghai Ranking and the QS World University Rankings by Subject have assessed the TUM Informatics as being the top Department of Informatics in Germany for several years now.

Studying in Munich

QS Best Student City Ranking 2016: In a **worldwide** comparison, Munich places 11th among the top study locations.

Best Career Opportunities for TUM Graduates

In the **worldwide** "Global Employability University Ranking 2016" the TUM holds the 8th place as the only German university, among the 25 worldwide leading universities, in the assessment of graduates by international enterprises.

11 — 1 — 8

WIDE RANGE OF SUBJECTS

BACHELOR — Program Freshmen

Informatics	560
Informatics: Games Engineering	179
Information Systems	209
Bioinformatics	64

MASTER — Program Freshmen

15	NEW: Data Engineering and Analytics
401	Informatics
35	Informatics: Games Engineering
122	Information Systems
15	Bioinformatics
15	Automotive Software Engineering
36	Biomedical Computing
72	Robotics, Cognition, Intelligence
50	Computational Science and Engineering
16 / 13	Informatics Part Time 50 % / 66 %
38	Informatics (Postgraduate Non-Degree Program)

FRESHMEN

1840 Freshmen
Academic year 2016/17

1503 Male — **337** Female

33% International Freshmen

TOTAL STUDENTS

4744 Total Students
WS 2016/17

3909 Male — **835** Female

30% International Students

INTERNATIONAL

THANK YOU ENG-LISH

5 Study Programs

- Biomedical Computing
- Computational Science and Engineering
- Data Engineering and Analytics
- Informatics
- Informatics: Games Engineering

IN COMINGS **127**
Incoming exchange students studying at IN.TUM or TUM Informatics
Academic year 2015/16

OUT GOINGS **156**
TUM Informatics students participating in exchange programs (TUMexchange, Erasmus etc.) to study abroad
Academic year 2015/16

INTERNATIONAL MOBILITY

As per the DAAD's 2015/16 comparative figures, no other Department of Informatics in Germany has more students using the Erasmus exchange program to study abroad.

SUCCESS

2.6 Average Number of Habilitations
per year during the last 5 years
1 from woman

92 Number of Completed Doctorates
Academic year 2015/16
11 from women

858 Graduates
(Bachelor, Master)
Academic year 2015/16
157 Women
